

announces that the Office of Personnel Management (OPM) will submit to the Office of Management and Budget a request for a clearance of an expiring information collection. Section 837.103 of Title 5, Code of Federal Regulations, requires agencies to collect information from retirees who become employed in Government positions. Agencies need to collect timely information regarding the type and amount of annuity being received so the correct rate of pay can be determined. Agencies provide this information to OPM so a determination can be made whether the reemployed retiree's annuity must be terminated.

We estimate 3000 reemployed retirees are asked this information annually. It takes each reemployed retiree approximately 1 minute to complete for an annual estimated burden of 50 hours.
